The room is black and empty, a board hangs on the wall with pictures of young girls that have x's marked over their smiling faces. In the corner of the room are some torn dusty clothes that could only fit a young girl and in the middle of the room sits a man, weak from hunger and dying of old age, thinking out loud while looking down at the ground.

THE KING

once upon a time there was a very sick king and an evil queen, and they were mad. Together they ruled over a great kingdom for many years, but then one day the queen wanted a child to carry on her throne but the king was unable to bear children, and for good reason, for he had a disgusting urge for them and the queen in her wickedness locked the king away for his sickness.

MULTIPLE SHOTS OF THE KING IN THE SAME CROUCHED OVER POSITION.

THE KING

The King was so sad and alone. Many years he sat in the darkness feeding on the scraps thrown to him like a rabid dog. The Queen did indulge him one kindness... she sent him gifts to help with his sickness. Day after day, the king took the gifts from the Queen. He knew his sickness was great, but there was no cure to be found, so he waited days, weeks, months... years and still a savior didn't come. He just wanted his misery to end, for someone to cure him, so he could reclaim what is rightfully his, but it's too late, for MY kingdom has gone mad, we have gone mad

The king quickly looks up into the camera

THE KING

Wouldn't you agree?

The Camera pans 180 around the King to see a little girl bound to a chair crying, the King stands up and walks around the chair to the side of the child.

He's wearing only boxers with blood gushing from his crouch and a knife in his hand. The King places the knife to the little girl's cheek.

THE KING

such beauty, so innocent and pure,
so much pleasure. It's disgusting.

The king trembles as he slowly moves the knife across the little girls cheek

THE KING

Don't cry, I'm the one who's going
to save you....from me. It will
only hurt for a moment, [(begins to
cry)] unlike my pain which is
eternal. So please, dry your tears,
soon someone will come to stop us,
they have to....because we can't
stop ourselves.

The King bursts into angry tears.

The King pulls back the blade and plunges it into the crying little girl as she begins to scream but abruptly stops! The king was right, it only hurt for a moment. The king unties the lifeless little girl and carries her toward the camera until all that is seen is darkness

THE KING (V.O)

Someone will come, they must....to
end this nightmare, to save my
kingdom....to save me.

cut to black:

Title: Prey for Alice

one last cry from the king echos through the darkness!

KING

Alice come home...your king needs
you

END.
